Project Name : AMUR GAS PROCESSING PLANT
Client : SIBUR GROUP
Software : Intergraph Smart Plant-2014.

Dimension India Networks Pvt. Limited. Noida, Team Leader CAD (2016-2019)

Dimension i, a renowned Global Outsourcing Company was established over two decade ago, in the year 1999. Dimension I is blend of business and technology professionals with experience of working with some of the biggest names in the corporate world and the most challenging projects for over 10 years, the team is the right mix to deliver quality solutions every time.

➤ **Piping Drawings Drafting: (Drafter)**

This project involves creation of accurate AutoCAD /drawings based on the various specifications/perimeters specified. The objective behind creating these drawings is that these can be used for further execution of the mechanical pipelines and equipments and the corresponding maintenance work. The client provides us the scanned copies of the drawings that need to be digitize as per client specification. The drawings are designed as per scale and are dimensionally accurate.

Software used: AutoCAD 2008-12.

➤ **Isometrics & P&ID Drafting: (Drafter/QC)**

This project involves digitization of Isometric & Process & Instrumentation Diagrams drawings to develop an accurate drawing file of the provided P&IDs. The client provides us the scanned copies of the drawings that need to be digitized as per client specification.

Software used: AutoCAD 2008-12.

➤ **Mobile Tower Drawings: (Team Leader)**

In this project we are being provided the address of the building along with photographs showing the roof and side views of the building. Sometimes hand drawn sketch is also provided showing the site plan. With the help of the provided photographs we prepare the roof details accurately showing each obstruction and other details. We provide CAD drawings as well as PDF as an output for the building showing roof detail, elevation detail (East, West, North and South) and site plan.

Fluor Daniel India Pvt. Ltd. Gurgaon, Designer (2012 to 2016)

Fluor is one of the world's largest publicly traded engineering, procurement, construction (EPC), maintenance, and project management companies. Fluor successfully delivers integrated engineering, procurement, fabrication, construction, maintenance and project management solutions to Clients globally.

➤ **Tengizchevroil (TCO) Future Growth Project & Wellhead Pressure Management Project (FGP - WPMP)**

The project entails the design and construction of a major expansion of Tengizchevroil (TCO) existing facilities in Tengiz, Atyrau Oblast, Republic of Kazakhstan. The new facilities will provide an additional capacity of 12 MMTY of stabilized crude and 960 MMSCFD of dehydrated gas for re-injection through the sour gas injection facilities.

Type of work: Drafting of P&IDs, UFDs

Role: Drafter

Software : SPP&ID 2009.

➤ **KNPC CFP MAB2 Project, Kuwait National Petroleum Company, State of Kuwait**

The KNPC CFP MAB2 Project Clean Fuel Project involves upgrading Kuwait's Mina Abdullah and Mina Al-Ahmadi refineries in order to increase capacity.

Type of work: Drafting of P&IDs, PFDs

Role: Hard Checker & Drafter.

Software : SPP&ID 2009.

➤ **Fort Hills Energy LP**

The Fort Hills Project is owned by the Fort Hills Limited Partnership, a joint venture of Suncor Energy, Total Canada, and Teck. Suncor Energy is the operator of the project and the ultimate facilities. The plant site, 90 km north of Fort McMurray, will be constructed to produce 180,000 kbcd of dry bitumen.

Type of work: Drafting of P&IDs, PFDs

Role: Checker & Drafter.

Software : Autoplant P&ID.

➤ **Sakhalin-1 Odoptu Stage 2, Exxon Neftegas Limited, Sakhalin, Russia**

The OS2 project is an expansion of water and gas handling facilities at the Odoptu North Well Site (NWS) and the Odoptu South Well Site (SWS) as part of the Sakhalin-1 Field Development approximately 76 kilometers north of the Chayvo Onshore Processing Facility (OPF).

Type of work: Drafting of P&IDs, PFDs

Role: Drafter

Software : Autocad Facet.
